

## **Pray for the victim of Higashi-Nihon great earthquake disaster II**

**God our Loving Father,**

**You who showered your people with unconditional love and care, We place our hope and trust in You.**

**As we continue to pray for all the people who are still living in difficulty because of the natural disaster that happened in Eastern Japan, We also pray in special way for those who are living their everyday lives in uncertainties due to the aftermath of the nuclear disaster.**

**We ask you Father to enlighten their hearts that they may not lose hope in you and in their lives.**

**Likewise, we remember also all those who have died. Grant them eternal rest and comfort.**

**May Jesus, who had always been with us, who carried all our pains and hardships be manifested in our lives.**

**We ask this through Jesus Christ our Lord, Amen.**
